

User Set-up

- Setting up new users on StratXE

Setting up new users on StratXE

1. To begin setting up a new user, select the "Setup" tab and click on users.

2. This will take you to the users page, which gives an overview of all the organisational users. To add a new user, click on "Create".

3. Fill in the fields with the information about the new user.

A screenshot of the 'Create User' form in the StratXE application. The form has a search bar at the top with the text 'Search' and a 'Create' button. Below the search bar, there are four tabs: 'Details', 'Access', 'Attendance', and 'Rates'. The 'Details' tab is active, showing a form with the following fields: 'Name' (filled with 'Niyaz'), 'Surname' (filled with 'Ebrahim'), 'Title' (filled with 'Mr'), 'eMail' (filled with 'niyaaz.E@africaia.com'), and 'Picture' (with a 'Choose File' button and the text 'No file chosen').

4. The users access can be allocated by selecting the Primary Role of the user. Select "Organization-Owner" to grant users global access to the system or select "Organization-User" to limit the access of the user.

5. Set the users position, by selecting the relevant option.

6. Select the modules that are relevant to the user.

A screenshot of the user role and module selection interface. It shows two roles: 'HR Partner' and 'Programme Manager'. Each role has a corresponding checkbox to its right. The 'HR Partner' role is currently selected, and the 'Programme Manager' role is also visible below it.
